ATTENTION: WIRELINE COMPETION BUREAU

RE: Form 481 ETC filing pursuant to Sections 54.313 and 54.422 SAC 300633, OH, Middle Point Telephone Company Connect America Fund WC Dockets 10-90, 11-42 and 14-58

Dear Secretary Dortch:

Pursuant to Sections 54.313 and 54.422 of the Commission's Rules, please accept the attached FCC Form 481 of Middle Point Telephone Company, OH, SAC 300633 (the "Company") for filing with the Commission.

The Company is filing the attached redacted version via ECFS.

Kindly direct any questions regarding this transmittal to the undersigned. Thank you.

Sincerely,

Pamela Hintz

Senior Telecommunications Consultant phintz@otcpas.com

(651) 621-8535

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission's public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

speed and data usage allowances available in the

relevant geographic area.

If yes to 4003A, please provide a response for 4003	3B.

Middle Point Home Telephone Company

Form 481 Line No. 610 Description of Functionality in Emergency Situations

Middle Point Home Telephone Company is in full compliance of Ohio rule 4901:1-6-3, "Emergency and Outage Conditions" which is outlined below. Middle Point Home Telephone Company has permanently installed a back-up generator for its central office and maintains adequate portable generators for remote serving stations. Employees remain informed as to the procedures to be followed in emergency situations based on the guidance in our written emergency plan.

4901:1-6-3

- (A) Each facilities-based local exchange carrier (LEC) shall design, operate, and maintain its facilities to continue to provide customers with the ability to originate and receive calls at all times. The commission will utilize existing FCC rules applicable to emergency and outage operations. Companies shall submit outage reports utilizing, at the company's discretion, either existing FCC reports or a format determined by the commission.
- (B) Each facilities-based LEC shall submit, within two hours of discovery, to the commission's outage coordinator and when appropriate, the news media in the affected area, a notification that it has experienced an outage, whenever that outage occurs on any facility that it owns, operates, leases or otherwise utilizes and is both:
 - (1) Expected to last for a period in excess of thirty minutes.
 - (2) Potentially affects at least nine hundred thousand user minutes in the incumbent local calling area.
- (C) Each facilities-based LEC shall report, by telephone or electronic means, a disruption of 9-1-1 services, which impairs 9-1-1 service within a given county 9-1-1 system, immediately to each county 9-1-1 public safety answering point, to the Ohio 9-1-1 coordinator, and to the news media in the affected area, when appropriate.
- (D) Each facilities-based LEC experiencing a loss of communications or selective routing to a public safety answering point, as a result of an outage described under paragraphs (B) and (C) of this rule, shall also notify, as soon as possible, by telephone or electronic means, any official who has been designated by the management of the affected 9-1-1 facility as the LEC's contact person for communication outages at that facility; and the LEC shall convey to that person all available information that may be useful to the management of the affected facility in mitigating the effects of the outage on efforts to communicate with that facility.
- (E) Each facilities-based LEC experiencing an outage described under paragraphs (B) and (C) of this rule, shall electronically submit to the commission's outage coordinator the same information as that provided to the FCC or the following information:

- (1) A notification that it has experienced a outage, which shall include the name of the reporting entity, the date and time of the onset of the outage, a brief description of the problem, the particular service affected, the geographic area affected by the outage, the number of customers affected, an estimate of when the service, including 9-1-1, will be restored, and a contact name and telephone number by which the commission's outage coordinator may contact the reporting entity.
- (2) Not later than seventy-two hours after discovering the outage, an initial communications outage report, which shall include all pertinent information then available on the outage and shall be submitted in good faith.
- (3) Not later than thirty days after discovering the outage, the provider shall submit electronically a final communications outage report, which shall include all pertinent information on the outage, including any information that was not contained in, or that has changed from that provided in, the initial report.
- (F) Each facilities-based LEC shall develop, implement, and maintain an emergency plan and make it available for review by commission staff. The plan shall include, but not be limited to, all of the following:
 - Procedures for maintaining and annually updating a list of those customers who have subscribed to the federal telecommunications service priority program, as identified in 47 C.F.R. 64, appendix A.
 - (2) Procedures for priority treatment in restoring out-of-service trouble of an emergency nature for customers with a documented medical or life-threatening condition.
 - (3) In addition to the telecommunications service priority program, each LEC shall develop policies and procedures regarding those customers who require priority treatment for out-of-service clearance. Such procedures shall include a table of restoration priority, including, but not limited to, subscribers such as police and fire stations, hospitals, key medical personnel, and other utilities.
 - (4) Procedures for restoring service to priority critical facilities customers.
 - (5) Identification and annual updates of all of the facilities-based LEC's critical facilities and reasonable measures to protect its personnel and facilities.
 - (6) Assessments and evaluations of telecommunications facilities available to provide back-up service capabilities.
 - (7) Procedures for after-action assessments and reporting following activation of any part of the emergency plan. An after-action report will be written and will include lessons learned, deficiencies in the response to the emergency, and deficiencies in the emergency plan.

- (8) A current list of the names and telephone numbers of the facilities-based LECs' emergency service personnel to contact and coordinate with in the event of any real or anticipated local or national threats to its ability to provide telecommunications service.
- (9) A current list of the names and telephone numbers of the facilities-based LEC's emergency service personnel that is made available to the commission's emergency coordinator, upon request.
- (10) A continuity of operations plan to assure continuance of minimum essential functions during a large scale event in which staffing is reduced. Such plans shall provide for:
 - (a) Plan activation triggers such as the world health organization's pandemic phase alert levels, widespread transmission within the United States, or a case at one or more locations within Ohio.
 - (b) Identification of a pandemic coordinator and team with defined roles and responsibilities for preparedness and response planning.
 - (c) Identification of minimal essential functions, minimal staffing required to maintain such essential functions, and personnel resource pools required to ensure continuance of those functions in progressive stages associated with a declining workforce.
 - (d) Identification of essential employees and critical inputs (e.g., raw materials, equipment, suppliers, subcontractor services/products, and logistics) required to maintain business operations by location and function.
 - (e) Policies and procedures to address personal protection initiatives.
 - (f) Policies and procedures to maintain lines of communication with the public utilities commission of Ohio during a declared emergency.
- (G) Each facilities-based LEC shall amend its emergency plan in accordance with the findings identified in the after-action assessment report required under paragraph (F)(7) of this rule.

Middle Point Telephone Company

Form 481 Line No. 1010 Descriptive document for Voice Services Rate Comparability

Line 1010 – Description of Voice Services Rate Comparability: Provide a detailed description of how your pricing of fixed voice services is no more than two standard deviations above the applicable national average urban rate for voice service, as published annually by the Wireline Competition Bureau, as required in 47 C.F.R. § 54.313(a)(10).

On February 14, 2017 the Wireline Competition Bureau announced results of the Urban Rate Survey for Voice Services; as part the FCC Public Notice DA 17-167. Referenced in this public notice are the results required to meet the rate comparability as noted:

"Based on the survey responses, the Bureau also calculated the reasonable comparability benchmark for voice services to be \$49.51.

3. Id. at 17694, para. 84."

As required Middle Point Telephone Company hereby certifies that its current fixed voice services for residential subscribers as defined in the USF/ICC Transformation Order is below \$49.51.

SAC: 300633 State: OH

Middle Point Home Telephone Company

Form 481 Line No. 1030 Descriptive document for Broadband Service Rate Comparability

Line 1030 – Description of Broadband Service Rate Comparability: Provide a detailed description of how your pricing of a Broadband service meeting the Commission's Public Interest Obligations is no more than the applicable benchmark, as published annually by the Wireline Competition Bureau, pursuant to 47 C.F.R. § 54.313(a)(12).

On February 14, 2017 the Wireline Competition Bureau announced the results of the Urban Rate Survey for Broadband Service as part of FCC Public Notice DA 17-167. Referenced in this public notice are the results required to meet the rate comparability as noted:

"Based on the survey results, the reasonable comparability benchmark calculations for broadband services can be calculated at http://www.fcc.gov/encyclopedia/urban=rate-survey-data."

As required Middle Point Home Telephone Company hereby certifies that it offers a Broadband service to residential subscribers at pricing that is no more than the applicable benchmark rate.

SAC: 300633 State: OH

Middle Point Home Telephone Company

Form 481 Line No. 1210 Lifeline Plans, Terms and Condi ons

Middle Point Home Telephone Company is in full compliance to all Federal Lifeline eligibility rules and regula ons as well as Ohio Revised Code 4901:1-6-19, Lifeline Requirements, which states:

4901:1-6-19

- (A) An incumbent local exchange carrier (ILEC) that is an eligible telecommunications carrier (ETC) under 47 C.F.R. 54.201 shall implement lifeline service throughout the ILEC ETC's traditional service area for its eligible residential customers.
- (B) Lifeline service shall be a flat-rate, monthly, primary access line service with touch-tone service and shall provide all of the following:
 - (1) A recurring discount to the monthly basic local exchange service rate that provides for the maximum contribution of federally available assistance;
 - (2) Not more than once per customer at a single address in a twelve-month period, a waiver of all nonrecurring service order charges for establishing service;
 - (3) Free blocking of toll service, 900 service, and 976 service;
 - (4) A waiver of the federal universal service fund end user charge;
 - (5) A waiver of the telephone company's service deposit requirement.
- (C) The ILEC ETC may offer to lifeline service customers any other services and bundles or packages of service at the prevailing prices, less the lifeline discount.
- (D) The ILEC ETC also shall offer special payment arrangements to lifeline service customers that have past due bills for regulated local service charges, with the initial payment not to exceed twenty-five dollars before service is installed, and the balance for regulated local service charges to be paid over six, equal monthly payments. Lifeline service customers with past due bills for toll service charges shall have toll restricted service until the past due toll service charges have been paid or until the customer establishes service with another toll provider.
- (E) Every large ILEC required to implement lifeline service shall establish an annual marketing budget for promoting lifeline service and performing outreach regarding lifeline service. Every large ILEC shall work with the advisory board established in paragraph (F) to reach consensus, where possible, regarding an appropriate budget for promoting lifeline and performing outreach and regarding how the budget will be spent. All funds allocated to this budget shall be spent for the promotion and marketing of lifeline service and outreach regarding lifeline service and only for those purposes and not for any administrative costs of implementing lifeline service.

- (F) All activities relating to the promotion of, marketing of, and outreach regarding lifeline service provided by the large ILECs shall be coordinated through a single advisory board composed of staff of the public utilities commission, the office of the consumers' counsel (OCC), consumer groups representing low income constituents, two representatives from the Ohio association of community action agencies, and every large ILEC. The commission staff shall provide active leadership in the initial organization of the statewide board and the development of procedures and bylaws under which the board will operate. Commission staff shall, with the assistance of the office of the consumers' counsel, work with the advisory board to reach consensus on the organization of the board and all activities relating to the promotion of, marketing of, and outreach regarding lifeline service. However, where consensus is not possible, the commission's staff shall make the final determination. Decisions on the organization of the board and decisions of the advisory board including decisions on how the lifeline marketing, promotion, and outreach activities are implemented are subject to commission review.
- (G) All other aspects of an ILEC ETC's state-specific lifeline service shall be consistent with federal requirements. The rates, terms, and conditions for the ILEC's lifeline service shall be tariffed in accordance with rule 4901:1-6-11 of the Administrative Code.
- (H) Eligibility for lifeline service under this rule shall be based on either of the following criteria:
 - (1) An individual's verifiable participation in any federal or state low-income assistance program that limits assistance based on household income. These programs include:
 - (a) Medical assistance under Chapter 5111. of the Revised Code (medicaid) or any state program that might supplant Medicaid;
 - (b) Supplemental nutritional assistance program (SNAP/food stamps);
 - (c) Supplemental security income (SSI) under Title XVI of the Social Security Act;
 - (d) Social security disability insurance blind and disabled (SSDI);
 - (e) Federal public housing assistance, or section 8;
 - (f) Home energy assistance programs (HEAP, LIHEAP, E-HEAP);
 - (g) National school lunch program's free lunch program (NSL);
 - (h) Temporary assistance for needy families (TANF/Ohio works); or
 - (i) General assistance, including disability assistance (DA).

Page 3 of 5

The commission may add or remove programs from this list as required by federal or state law.

- (2) Other verification that an individual's household income is at or below one hundred fifty per cent of the federal poverty level. ILEC ETC's may use any reasonable method of verification. Consistent with federal law, examples of acceptable documentation include the following:
 - (a) State or federal income tax return;
 - (b) Current income statement or W-2 from an employer;
 - (c) Three consecutive months of current pay stubs;
 - (d) Social security statement of benefits;
 - (e) Retirement/pension statement of benefits;
 - (f) Unemployment/workmen's compensation statement of benefits;
 - (g) Any other legal document that would show current income (such as a divorce decree or child support document).
- (I) All ILEC ETCs must verify customer eligibility consistent with the federal communications commission's (FCC) requirements in 47 C.F.R. 54, to enroll customers into lifeline assistance who qualify through household income-based requirements.
- (J) The commission shall work with the appropriate state agencies that administer federal or state low-income assistance programs and with carriers to negotiate and acquire information necessary to verify an individual's eligibility and the data necessary to automatically enroll eligible persons for lifeline service.
- (K) To the extent that appropriate state agencies are able to accommodate automatic enrollment, every ILEC ETC shall automatically enroll customers into lifeline assistance who participate in a qualifying program.
- (L) An ILEC ETC shall provide written notification if the carrier determines that an individual is not eligible for lifeline service enrollment and shall provide the person an additional thirty days to prove eligibility.
- (M) An ILEC ETC shall provide written customer notification if a customer's lifeline service benefits are to be terminated due to failure to submit acceptable documentation for continued eligibility for that assistance and shall provide the customer an additional sixty days to submit acceptable documentation of continued eligibility or dispute the carrier's findings regarding termination of the lifeline service.

- (N) Commission staff will maintain on the commission's website a copy of boilerplate customer notices that are compliant with the FCC's requirements. Any ILEC ETC choosing to create and use its own customer notice shall submit its proposed notice to commission staff for approval.
- (O) An ILEC ETC shall establish procedures to verify an individual's continuing eligibility for both program and income-based criteria consistent with the FCC's requirements in 47 C.F.R. 54.409 to 54.410. ILEC ETCs shall maintain records to document compliance with these requirements and shall attest, as part of the periodic ETC certification process by the commission, that they comply with the FCC's requirements.
- (P) An ILEC ETC may recover through a customer billing surcharge on retail customers of the ILEC's telecommunications service other than lifeline service customers, any lifeline service discounts and any other lifeline service expenses that are not recovered through federal or state funding and that are approved by the commission under this paragraph. The surcharge may not include recovery of expenses related to the marketing and promotion of lifeline service. The surcharge may be established through one of the following means:
 - (1) An ILEC ETC that chooses to establish a customer billing surcharge to non-lifeline customers, to recover lifeline service discounts and expenses identified in this paragraph shall file a thirty-day application for tariff amendment (ATA). Such application may request recovery of lifeline service discounts that are not recovered through federal or state funding such as federal universal service fund end user charges, service connection charges, blocking of 900/976, recurring discount maximizing the contribution of federally available assistance, and recurring retail price differences between the frozen lifeline service rate and residential BLES rates, as well as lifeline service expenses that are not recovered through federal or state funding such as administrative expenses for the sole purpose of verifying the eligibility and enrolling of lifeline customers. An applicant must provide documentation to support its proposed surcharge and its compliance with this rule. Absent suspension or other commission action, the application shall be deemed approved and become effective on the thirty-first day or later date if requested by the company.
 - (2) An ILEC ETC requesting recovery of any expenses not specified in paragraph (P)(1) of this rule shall file an application with the commission, using the most up-to-date telecommunications filing form, under the TP-UNC case purpose code. An applicant must provide documentation to support its proposed customer billing surcharge and its compliance with this rule and must further support its request for recovery of any expenses not specified in paragraph (P)(1) of this rule with a detailed supporting memorandum. Absent suspension or commission action, the application shall be deemed approved and become effective on the one hundred twenty-first day or later date if requested by the company.
- (Q) If an ILEC ETC chooses to establish a customer billing surcharge to recover its lifeline expenses under paragraph (P)(1) or (P)(2) of this rule, the lifeline surcharge shall not appear in the section of the bill reserved for taxes and government-mandated charges as set forth in 47 C.F.R. 64.2400 to 64.2401.
- (R) An ILEC ETC that is authorized to establish a customer billing surcharge under either paragraph (P)(1) or (P)(2) of this rule shall annually file with the commission a report that identifies actual amounts recovered and the actual lifeline service discounts and any other lifeline service expenses incurred for the prior period. The company shall provide such data as necessary to enable the

Page 5 of 5

commission to validate such amounts to ensure that the company did not over recover its approved expenses from customers. The commission shall establish for each such company the timeframe for filing this report when the commission approves any such billing surcharge. The annual filing may be contained in a request to adjust the billing surcharge in accordance with paragraph (P)(1) or (P)(2) of this rule, but shall be provided via a separate filing and docketed in a generic case number to be established by the commission, if no adjustment to the billing surcharge is sought. Any over-recovery or under-recovery shall be offset against or added to the next year's recovery.

- (S) Every ILEC ETC shall file with the commission in its annual assessment report the number of its customers who receive, at the time of filing of the report, lifeline service.
- (T) Upon request of commission staff, additional information regarding customer subscription to and disconnection of lifeline service shall be provided to commission staff in accordance with rule 4901:1-6-30 of the Administrative Code.

1221

The following local tariff provides the terms and conditions for voice telephony plans offered to Lifeline customers.

1222 and 1123

The flat rate service includes unlimited local calling service minutes of use. The local services offerings do not include any toll minutes of use. The rates for any toll usage are determined by the rate plans of the Toll Provider(s) that the customer selects.
